Zikhona Siziphiwe Dlanjwa

Full Stack Web Developer

I am an innovative, task-driven Full Stack Web Developer with a proven ability to adapt in both self-starting and collaborative environments while staying focused on achieving high-quality results under strict deadlines. I have 3+ years in web design and development across diverse industries. I am proficient in developing databases, creating user interfaces, writing and testing codes, troubleshooting simple/complex issues, implementing new features based on user feedback and providing maintenance/support for websites and web applications.
